Mr Boosten proposes his services and help to IUM students in their search for an apartment. He works with trusted landlords who rent apartments nearby IUM.

Your advantages:

- Minimizing your time in temporary, expensive accommodation
- Negotiating rent terms on your behalf to secure the best rates possible.
- Apartments can be reserved over the internet without visiting. Rental contracts can be forwarded to you (required by the Embassy when you are applying for a visa)
- Compared to real estate agencies fees, usually equivalent to a month’s rent, Sebo Relocation offers a special discount of 10% for IUM students. Please note that all costs are subject to VAT (19, 6%).

Please note that you have to contract insurance for the apartment with a private company.
